A letter from our Executive Director

Hello November: November is a unique month that straddles the line between autumn and winter. It's typically considered the final month of autumn in the northern hemisphere. As most of the U.S. sets their clocks back by an hour and concludes Daylight Saving Time on the second Sunday of November, daylight hours tend to decrease. Despite this, November remains an eagerly anticipated month for many, signifying the end of the current calendar year, and offering an array of enjoyable events such as holidays, birthdays, and trivia: November 19th, 1863, The Gettysburg Address by President Abraham Lincoln, Assassination of President John F. Kennedy on November 22, 1963. During this time of year, we experience the beautiful colors of red, orange, and yellow of the deciduous trees. It is also that time of year we give thanks and praise to what has been bestowed upon us. Thanksgiving, a celebratory day in November. Thanksgiving is a long-standing tradition in the US and is observed on the fourth Thursday in November. The first Thanksgiving marked the bountiful harvest of the Pilgrims of Plymouth and New England, and it continues to be celebrated today with families gathering to share a large feast of traditional foods available during the month of November. We also celebrate and honor America's veterans for their patriotism, love of our country and willingness to serve and sacrifice for the common good. November is considered the best month for expressing love, teaching gratitude and kindness and turning thankfulness into acts of giving. We here at Brompton Heights give thanks for our residents, staff, and families.
